

Comments to FCC regarding LPFM stations

- 1) Listening to K-LOVE each day is often the most uplifting and positive part of my day, and a great encouragement.
- 2) I have recommended K-LOVE to others, and they have responded by thanking me for introducing them to a station like K-LOVE.
- 3) In these challenging and often troubling times, we become de-sensitized without realizing it-- until we hear the wholesome, comforting and caring programs like K-LOVE has. Who wouldn't want someone to pray for them...?

Thank you,
